NOTE TO ALL: AT&T Mobile Service does not work very well in this area. I have AT&T cellular for my work phone and still usually end up using my personal cell phone for business calls since the service is so bad here. You may want to use Verizon or some other mobile provider.

WE WILL CONTINUE ADDING TO THIS LIST AS WE GET NEW NAMES. IF YOU KNOW OF SOMEONE THAT WE CAN ADD, PLEASE SEND THE NAME, NUMBER AND SERVICE TO bkwheeler66@gmail.com for inclusion.
