BANKRUPTCIES

SCOPE: This procedure covers the steps necessary to file claims against a bankrupt property owner.

1. If the property owner lists The Association as a creditor, the court will send us notification and forms to fill out and return. We can not add any late charges. If we determine, independently, that a property owner has filed bankruptcy, we will contact the appropriate federal court and ask for claim forms.
2. Dues will be posted each year to the owner's ledger sheet until the case is settled in one of the two below listed ways.
3. When the owner comes out of bankruptcy it will be by one of these methods:

DISCHARGED.....this is a favorable ruling and it means the debtor has fulfilled his or her obligations as agreed on with the creditors. As an Unsecured Creditor it is highly unlikely The Association will receive any funds. Once the debtor has been discharged by the court we can then file suit for the dues delinquent subsequent to the Discharge date. The amount from the filing date to the Discharge date will have to be written off as a loss. The amount from the filing to the Discharge date is collectible by the submission of a revised claim each year, however, this amount is treated as the other unsecured creditors and it is not likely we will collect anything. By posting to the ledger sheet and waiting, the entire Post-petition amount is due and collectible.

DISMISSED.....this is a derogatory ruling and it means the debtor failed to meet the obligations set forth and the judge has dismissed the case. This makes the debtor responsible for all monies owed and we can file suit.

Scope: This procedure will establish criteria for the assignment of mailboxes at Woodrun, effective this date.

Procedures: In light of the fact that all of the mailboxes allowed and issued by the United States Postal Service have been assigned, we have found it necessary to purchase additional boxes at the associations expense.

The following guidelines will apply to issuing of keys for these boxes.

1. The applicant for a mailbox must have a house built or in the construction phase to apply for keys. Campers are not eligible under this policy as these are not considered residences, either by common law or the Restrictive Covenants, and the fact that these boxes are owned by the Association and it can set the standards within the scope of the postal regulations.
2. The fee for a mailbox is establish at \$20.00 payable at time of application.
3. Further, the Post Office has advised that many of the present holders of these boxes are allowing the mail to build up until it is impossible to put anymore mail in the box. Since it is obvious these are boxes held by campers the Association asks that boxes be checked and emptied once a month.
4. Those boxes issued by the US Postal Service cannot be sold to individual property owners and as they become available they will be issued on a first come first served basis. No reservations list will be maintained.
